Welcome Message

Dear Colleagues and Friends,

_You can't have a better tomorrow if you are thinking about yesterday all the time._
- Charles F. Kettering

There are a few well planned, structured events with a practical focus which stand above the rest of academic programs and help us in our day to day practice. These present us with a new approach to problems we face regularly and offer clear, in-depth current evidence, situational awareness and concise guidelines imparted by knowledgeable faculty.

It is with great pride that we invite you to our most prestigious academic event of the MOGS calendar, the **42nd Annual Conference of The Mumbai Obstetric & Gynaecological Society on January 4th and 5th, 2014 at The Leela Hotel, Mumbai.** The official conference themes cover **High Risk Obstetrics, Contemporary Contraception & Enhancing Fertility**, supplemented with focused sessions on Women's empowerment, Stem cell research, New molecules, Anticoagulants and Vaccination in pregnancy and beyond. We also have the MOGS- Dr. Ganatra Trust Clinical Activities CME on Gestational diabetes.

The coveted **Annual MOGS Awards** will be presented at the Inaugural function. Our two Prestigious Conference Orations will be delivered by our very own **FOGSI President, Dr. Hema Diwakar** and **Dr. Ajit Virkud, Past President, MOGS**.

We also have a star studded galaxy of speakers who will be delivering keynote addresses on the conference themes. Our carefully chosen topics for panel discussions and debates on contemporary issues and controversies will provide you with food for the academic palate.

There will be **two Pre Congress Workshops 29th December, 2013, on ART at Kohinoor, Dadar and 3rd January, 2014 on Hysteroscopy at the Nowrosjee Wadia Maternity Hospital, Parel.**

The seven unique series of academic events and workshops for this year have focused on the theme “**Conception to Senescence: Let's Make the Journey Safe**”. Our two important Fellowship activities have been **Monsoon Dhamaka**, and **Honouring Our Seniors which have been appreciated by all**!

Please join us for a special cultural program on the evening of 4th January with **dance performances** by MOGS members from various academic institutions and a **MOGS SKIT**. The highlight of the evening will be a surprise theme event by **MOGS Managing Council members**. This will be followed by a banquet with a multi-flavoured cuisine of entertainment.

The conference venue, **The Leela** is an island of green in the heart of Mumbai’s commercial district offering contemporary comfort and functionality blended with extravagant opulence inspired by India’s rich history. The hotel has very kindly offered us an attractive **Conference Residential Package**, so we welcome you to spend the weekend with us.

This promises to be an affair to remember, long after the festivities are over!

We dedicate this conference to Dr. V. N. Purandare and Dr. Kumud Ingle, two of our great MOGS Past Presidents who were excellent teachers, role models and stalwarts in their fields. Though they are no longer with us they will always remain a source of inspiration for the generations to come!
